No Time to Gloat - A Few Things to Think About LawrenceKlepinger.com

Preface: The Impeachment Trial is finally over - for *now*. President Trump was Exonerated and Acquitted. That was a foregone conclusion. It is in the past. I would recommend to all who are in favor of Donald Trump *not* to gloat on his victory. It is time to move - to the *future*.

On with the Show!

A FEW THINGS TO THINK ABOUT

The Democrats are totally blinded by hate. In their hurry to convict President Trump they completely set the rules aside and tried to “go it alone” by circumventing the whole judicial

procedure, as prescribed by the Constitution, and go directly to the Senate. A grave mistake that the Democrats don't seem to actually comprehend.

But, for once, the Republicans are finally together in their backing of President Trump.

One thing everybody must keep in mind. The Democrats will do *anything* to get Trump out as President. Their past illegal actions have finally brought their totally blinded hatred out in full view - for *everyone* to see.

I predict that this vitriol will continue - until the Democrats are completely driven out of the House.

But the Senate and the Presidency - are *not* a given. To pretend that Trump's reelection will be a "shoo-in" would be a tremendous mistake. Bear in mind, Hillary Clinton decided that she had it in the bag - and did not bother to campaign in her last few days running for president. And she *lost*. It was hers to win - but

she blew it - by herself.

Now is the time for *all right thinking Americans* - to double down, start to do whatever you can to make sure that President Trump is re-elected, and that both the House and Senate remain in GOP hands. If that does not happen, then it will be four more years of do-nothing Democrat hatred.

I urge all readers to forward this Newsletter to your friends and neighbors and to convince them to do one thing on November 3 2020:

VOTE!

NOW is the time to start campaigning - not tomorrow, or next week. Do it NOW!

We here at LawrenceKlepinger.com started this Website/Newsletter/Podcast at the beginning of 2020, (at our own time and considerable expense), in hopes of making a small contribution to the re-election of Donald Trump. We are hoping that the readers will do the same thing.

IOWA - AND THE DEMOCRATS

In truth, I actually feel sympathy for Bernie Sanders. The Democrats are doing everything in their power to keep him from getting the nomination. And the whole world saw what they are actually capable of doing - completely disrupting the caucus process, interrupting the voting tallies - and using every trick in the book to rig the nomination process *away* from Bernie Sanders.

Once that is accomplished, they will then try to rig the General Election. It is therefore,

imperative that every member of the GOP go out to vote on November 3, 2020.

The Democrats rigged the election in 1960, for Kennedy to win against Nixon. Say what you want about the final outcome of that election, either for Kennedy or Nixon. That is ***NOT*** my point.

My point is, the Democrats have a verified *history* of vote rigging. They are masters at it. And the only way they can be defeated is for each and every person to get out the vote. This upcoming election will be the most important election in our entire lives. Don't be lazy and think that Trump has it in the bag. He does not. VOTE ON 3 NOVEMBER 2020!

A FEW MORE POINTS TO CONSIDER

I want to thank reader Paula Orlando for sending me this very well-done clip of the quick history of the Republican Party - a historical note that many people do not know - especially the so-called "younger generation." It is less than 10 minutes long. If it does not "click," then please cut

and paste into your finder. It is well-worth your time and effort:

Another reader, Thomas Towne, sent in a very interesting list that you might be interested in perusing. By the way, to peruse means to read carefully - for detail. It does not mean to skim over quickly.

Khrushchev.....A Sobering Reminder!

by Bill Kiene

Hard to believe that a crude, but shrewd Russian Peasant who became their leader had such foresight as to predict this turn of events and to have it created by so called Americans "Democrats". We all, Americans had better wake up before its too late.

A little over sixty years ago since Russia's Khrushchev delivered his message to the UN; ...

prediction for America. TV coverage of him banging his shoe on the podium. At that time, the word 'communism' was feared throughout our nation .Do you remember September 29, 1959? Now here is some food for thought if it does not make us choke! Do you remember September 29, 1959?

THIS WAS HIS ENTIRE QUOTE: "Your children's children will live under communism, You Americans are so gullible. No, you won't accept communism outright; but we will keep feeding you small doses of socialism until you will finally wake up and find you already have Communism. We will not have to fight you; We will so weaken your economy, until you will fall like overripe fruit into our hands." "The democracy will cease to exist when you take away from those who are willing to work and give to those who would not."

Remember, Socialism leads to Communism. So, how do you create a Socialistic State? There are 8 levels of control; read the following recipe.

- 1) Healthcare - Control healthcare and you control the people.
- 2) Poverty - Increase the poverty level as high as possible, poor people are easier to control and will not fight back if you are providing everything for them.
- 3) Debt - Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.
- 4) Gun Control - Remove the ability to defend themselves from the Government. That way you are able to create a police state.
- 5) Welfare - Take control of every aspect (food, housing, income) of their lives because that will make them fully dependent on the government.
- 6) Education - Take control of what people read and listen to and take control of what children learn in school.
- 7) Religion - Remove the belief in God from the

Government and schools because the people need to believe in ONLY the government knowing what is best for the people.

8) Class Warfare - Divide the people into the wealthy and the poor. Eliminate the middle class. This will cause more discontent and it will be easier to tax the wealthy with the support of the poor.

6 out of 8 of these are already being pushed by Democrats.

This is all from Bill Kiene's article, via the Internet.

Thanks to both Paula Orlando and Tom Towne for their kind help and consideration.

A FINAL NOTE

From our next Newsletter on, we will be submitting it via email BUT in a clickable PDF Format.

Apparently, this Newsletter has been “red tagged” by the censors who control content on the Social Media - and many readers have said they either have not received this Newsletter in their In-box. Many people have said it has ended up in their JUNK file or have never received *any* of our Newsletters at all.

We hope that a PDF Format will skirt some of the “key words” that set off alarm bells in the censor control booth.

That is it for now. Take care, stay safe and keep thinking positive.

Until next time, Sayonara from Kobe, Japan!
