PREFACE: The main reason we decided to initiate
a “new” Newsletter was to help bring *alternative
news* to those of you out there that like to think for
yourselves - and not be part of the herd - thus our
slogan, **The Sovereign Individual**.

With that in mind, I will cut to the chase. Over the
past few weeks the Whole World has been turned
upside down. I will not go into detail. You all know
what I am talking about.

Instead, I will tell you what we have come to, thus
far, in a nutshell:

China wants to Control the World.

The Democrats want to destroy Trump.

Those two statements will automatically brand us as conspiracy theorists - to those who think differently.

All I can say is, I urge you to take a look at the articles and videos that have been coming in to us and then let you make up your own mind.

Also, we have decided to send out this Newsletter in both Word and PDF file formats.

I admit, I do not like using Microsoft Word, but, for the present, it is what we are forced to work with - seeing as how so many readers are stuck with that mode of communication. I think you will see what I am driving at, once you check out the articles and videos below.

On with the show!

VIDEOS AND ARTICLES OF THE UTMOST IMPORTANCE

NOTE: Sometimes these references are not “alive.” If that is the case, I urge you to copy and paste them

into your search engine and access them that way.

Please give them time to download – it will be well worth your time, I guarantee.

SOME ADDED COMMENTS

We are, in no way, suggesting that there is a great

conspiracy going on in the World. BUT, these above references do seem to have a *common thread* running through them. If you take your time, and listen to what is being said, you will start to see some extremely disturbing similarities.

Take into consideration how far off so many of the statements by the Media were, with regard, not only to the Coronavirus – but with so many past predictions and vastly overstated projections.

The World Health Organization has been completely discredited. Some were projecting MILLIONS of people were going to die. This simply is not the case.

Yet, the WHOLE WORLD has been conveniently shut down. I have never seen anything like this in my entire life. To be quite honest, it is TOTALLY INSANE.

Here in Tokyo, Japan - with a population of over 37 *MILLION* people in the city and suburbs - it was just closed down because 1,600 people have tested positive and yes, some people have died. But, is that a good enough reason to shut down all of Tokyo?

Other *COUNTRIES* have completely shut down - in

RECORD TIME.

What the hell is going on? And who is trying to mastermind this whole worldwide operation?

If all the statistics and the horrendous projections of MILLIONS going to die were so far off the mark, then does it not stand to reason that:

The Russia Impeachment was a total farce, conjured up by the Media, in conjunction with other “bad actors.” This is still an ongoing investigation – and I predict that some startling news is about to break – *big time.*

The three years of Impeachment Hearings were a purposeful distraction by the Democrats, in conjunction with the Media, to ruin Trump’s chances of winning re-election – and to cast doubt on his 2016 victory.

Global Warming could very well be completely overstated, from which countless “companies” have received millions of dollars – then go bankrupt – yet the Media remains silent. Where did all that money go?

They finally had to alter the name to Climate Change, because Global Warming simply was not happening, nearly to the extent that they had stated. Well, climate *does* change.

Hillary Clinton was going to win in a Landslide, predicted by *all* of the Main Stream Media. It did not happen.

Just today, the Media has Trump and Biden statistically *tied*. Does anybody even remotely believe that?

Coronavirus has changed to COVID-19 (2019 virus strain). But no one in the Media is calling it by its real name:

CHICOM BIOLOGICAL WAR VIRUS

Why is the Media silent on all of the Chinese doctors who blew the whistle on the whole operation in Wuhan? One doctor died – the others have simply vanished

And now, Ai Fen, another noted doctor, has also disappeared. But, the Media *still* remains silent.

As pointed out by another reader, *Thomas Towne*, why are Beijing and Shanghai NOT locked down? Why have the Chinese Communist Elites NOT come down with the virus - but Boris Johnson, the British Prime Minister - gets the virus – 9,000 miles away?

Did the Chinese develop the virus, then have a serum all along for their own chosen elites?

It sounds like the arsonist who starts a fire, then rushes to help put it out. Why does the Media not point these facts out?

Has anybody even seen or heard from Hunter Biden in the last few months? In all the chaos and confusion, he has been conveniently forgotten. Where is the Media on this point?

Isn't it ironic, that all this happened at this point in time? Joe Biden is the Democratic candidate, but he is so bad at debating that he - and everybody else - has been put into a position of *social distancing*.

Was this virus purposely started to disrupt the November election in America? If so, who does it benefit the most?

China and the Democrats, pure and simple.

There is nothing “fishy” about this. It is so clear, even a blind man could see it.

Why are the Democrats so full of hate for Donald Trump, that they would willingly destroy the entire country just to take back power from him?

What has happened to the once, respectable (Truman/Kennedy/Henry “Scoop” Jackson/ Frank Church) Democratic Party?

I have many Democrat friends who are livid as to what has happened to their party, and are vowing to “hold their noses” and vote for Trump in retaliation!

I can't say as I blame them. Their party has sunk so low that I am wondering if it can ever recover.

IN CONCLUSION

I apologize to our many readers with such stark news and information.

But it is time, We the People, *Wake Up* and really see what is going on. If this pandemic is not dealt with, in

a very harsh manner, then expect things to only get worse.

As for Some Suggestions, I would recommend the following actions be taken IMMEDIATELY:

1. Ban all travelers from China who are *registered* members of the Chinese Communist Party from ever entering America again.
2. Impose a 1000% tariff on ALL Chinese imports to America.
3. Cancel all REPAYMENT of United States debt to the Chinese Communist Government.
4. Confiscate ALL Chinese Bank Accounts in America.
5. Immediately instruct ALL American Companies in China to relocate back to America - with funding from the United States Government, to help in the process of relocating back to Stateside – or else.
6. Insist that Taiwan be included in the United Nations.

7. If the UN refuses to do so, then America should pull out of the UN and insist that it be relocated elsewhere – preferably in Sub-Saharan Africa.

8. Insist that Hong Kong be declared a Sovereign Country - free of all Chinese Communist influence.

9. America to stop ALL funding to every Communist Country in the World.

10. Insist that all American Allies go along with these above demands - or stop ALL American financial aid to those countries that don't comply. Just in doing that, the budget deficit would be dramatically reduced – overnight.

NOW, FOR THE GOOD NEWS – PERHAPS!

I am going to stick my neck way out with a few outlandish predictions. I always find it amusing that, when I get my predictions right, few people make mention of it. But, when I am wrong, all hell breaks loose.

But that is life, and I am well prepared for the jeers – as well as the cheers!

1. There will be a massive change in China in the near future – with a full change in leadership.

Perhaps even a Chinese Revolution.

2. America will mark this Coronavirus “Pandemic” as a watershed milestone in American history – with it totally backfiring on China – to America’s full advantage.

3. Donald Trump will be re-elected in the biggest landslide in modern American politics – *IF* the Democratic Convention is not brokered, which I think will happen – at the last minute. If that is the case, then anything can happen.

4. The GOP will retain the White House, the Senate and win back the House of Representatives.

5. The Stock Market will be above 31,000 by the end of the year.

6. Hong Kong and Taiwan will both become Independent, Sovereign Countries in the year

2021 and America's allies will finally step up and vote with America in accomplishing this last prediction!

In closing, I want to wish you all a Very Happy Easter.

It is of extreme importance that we all remember these Biblical Events have taken place during Holy Week.

I honestly believe that this was *not* a coincidence, but done by the Grace of God, in Jesus' name.

Thank you for your great emails, support and timely consideration. Without all of our readers, we would be fighting windmills.

As it is, We the People, will come through this stronger than ever before!

That's it for now. Take care, stay safe and keep thinking positive.

Until next time, Sayonara from Kobe, Japan!

Best wishes,

Lawrence Klepinger
