**Putting the Communist Chinese Virus to Bed;
More Important Things to Discuss**

NOTE: For comments, suggestions or tips, please contact [Larry](#). To view [past newsletters](#) or [homepage](#).

PREFACE: We had an Internet Conference for this following Newsletter and have decided that the Chinese Communist Biological Weapons reporting has become so screwed up – that we are putting any further coverage of it to bed.

Instead, we have decided to make a few suggestions of our own, and then move on to more important things.

ON WITH THE SHOW!

As stated above, we have decided not to be side-tracked any longer by the lies, deceitful and misleading stories related to the “COVID-19 Pandemic.”

We have come to the agreement on the following:

1. The “pandemic” is a hoax. Not the actual virus itself, but the hype that has been perpetrated by the Mass Media and the Globalist who are trying to scare everybody into complete and total conformity. I will expand on this a little later.

2. President Trump was heavily chastised for not listening to “the scientists.” He was forced to listen, when a certain Neal Ferguson, (a British “scientist”), said that 2.2 MILLION could die from the “pandemic.”

3. So, Trump listened, and closed all incoming flights from China – and was roundly criticized as being a *racist*. Trump’s move alone saved countless American lives. Unbeknownst to him, and everybody else, the Chinese were purposely trying to send thousands of infected Chinese to American soil, and spread the disease throughout the total US population – while not allowing *any* Chinese from the infected areas to travel to Beijing or Shanghai (Where all the

Upper Echelon Chinese Communists have their Harems and Villas).

4. From that point on, the Media hysteria, coupled with the outlandish proclamations from President Trump's "scientific advisors" led America – and the WHOLE WORLD – down a path of total and completely misleading "recommendations" that have since been totally disproved. "Social distancing" does little to stop the spread of the virus. Touching areas where others have touched will not spread the virus. And then we are ALL supposed to wear MASKS! But the ones in charge keep making these ridiculous claims – of which, all have been disproven.

5. We leave our readers to make up their own minds, as Sovereign Individuals, on how they wish to handle the situation from here on out. As for us, we intend to move on, and let Nature take its course.

MIND CONTROL AND THE PUBLIC SCHOOL SYSTEM

I have always had an interest in Education. Having an advanced degree in that area, I feel I know a little bit about what I have to say. Having taught in Japan and China, and also a voluntary educational advisor in

Panama (pro bono), I have actually seen how other systems work.

The total and complete insanity that is infesting the public school system in California (the same system I went through during my formative years) has gone totally berserk.

The following statement by Lenin comes to mind:

“Give me four years to teach the children and the seed I have sown will never be uprooted.”

[~ Vladimir Ilyich Lenin](#)

[Vladimir Ilyich Ulyanov] (1870-1924) First Leader of the Soviet Union

During my pre-university education, which was quite good in the 50s and 60s, we actually learned what America was all about.

We knew the Pledge of Allegiance, understood the Constitution, actually were taught that the Bill of Rights were the first 10 Amendments to the Constitution – not an individual article.

We were allowed to say our prayers, at prayer time (which was eventually abolished by the Liberal school administrators who were slowly infiltrating the total of the Public Education System).

We were taught how to actually read, write, and remember the “times tables” and actually had to write reports – *in elementary school* – on our own!
Now, children do “art work” in ***collaboration!***

Kids cannot write in cursive anymore. They mix up upper and lower case letters, their pronunciation is terrible – and yes I could go on and on, but I will stop here.

What I am getting at is that children, nowadays, are being more and more controlled by the Status Quo Public Propaganda Machine – hiding under the aegis of “public education.”

They are being herded into methods of acting and thinking that are not in keeping with American values of Life, Liberty and the Pursuit of Happiness.

I do not wish to go on any further – for fear of being called a conspiracy theorist. I am just kidding. People

can call me every name in the book. I honestly don't care.

That is the true concept of a Sovereign Individual!

To prove my point as to how ludicrous this whole contrived COVID-19 thing is, I only need to refer you to the following article. Please read it in full. I guarantee that you will be completely blown out – as I was.

[Total Insanity in the California Public Education System.](#)

SO, WHAT CAN I DO TO STOP THIS INSANITY?

First and foremost – remember to VOTE on November 3, 2020. That goes without saying.

But, beyond that, I urge every person who reads this Newsletter to *get involved*.

Most readers are aware that I ran for the US Congress in 2004. I did so without taking a dime in campaign contributions, had a great run – and lost by only 4% of the total primary vote.

In other words, I got INVOLVED. I financed the whole campaign by myself and with the help of my family and friends we *almost* won.

My point is not to brag. What I am saying is YOU can attend City Council Meetings, go to Political Gatherings. Stand Up and Speak Up.

Yes, I was scared to actually run for Congress.

Once, in Vietnam, under mortar attack, I confided in my Sergeant, that I was scared. He smiled and said, “We are all scared, Klepinger. The point is, don’t be afraid.”

I have never forgotten those words – and that bit of advice has served me very well ever since then.

To be scared is OK.

To be afraid is what the One World Government Elites are counting on.

The last thing *any* Status Quo wants are Sovereign Individuals who are *not* afraid – and well-armed!

Many readers have written to me and asked, “How can I do anything. It won’t do any good.”

Well, I guarantee that if you don’t do anything – it won’t do any good!

LOOK PAST THE PRESENT HYSTERIA

To be able to see clearly, and think for yourself, is one of the key attributes of being a Sovereign Individual. It is NOT easy.

To look past this “**plandemic**” is to actually see what is coming down the line.

GLOBAL WARMING?

Wait a minute. What happened to that phrase? Where did it go? It just suddenly *disappeared*.

Exactly like the Wuhan Virus suddenly *appeared*.

How do things like that JUST happen?

The simple answer is, they don’t. They are planned.

Yes, the Global Elite realized that Global Warming,

Global Cooling, Global Warming, Global Cooling – was not going to “sell.” People simply were not “buying” into that concept.

They just call it Climate Change now.

Try having a discussing with your Liberal friends, and use the term “Global Warming” and they will *automatically* correct you by saying it is not Global Warming – but “Climate Change.”

Are you starting to get the point yet? Do you see how this mind game is being played?

THE SECOND AMENDMENT

Next on their list, after they have convinced everybody that the World is going to end in 12 years, is the Second Amendment.

The last thing the Global Elite want is an armed populace.

Please remember: Stalin, Hitler, Mao and all other tyrants in between, FIRST disarmed the populace.

And then the killing fields began.

Have you ever wondered why, all those pictures of the “brave Russian people” stood up to the Nazis invading their Mother Russia, with *sickles and pitchforks*?

Stalin had disarmed the total populace! Farming tools were the only “weapons” they had to fight the invading Germans!

ON A HAPPY NOTE

One of our faithful readers just became a grandfather to his first granddaughter yesterday.

Congratulations, Frank. Well done indeed!

That is it for now. Take care, stay safe and keep thinking positive.

Until next time, Sayonara from Kobe, Japan!

Lawrence Klepinger
