WHO WE ARE / WHERE WE ARE GOING**

**PREFACE:** We here at LawrenceKlepinger.com  
have been remiss in writing this latest Newsletter for  
a good reason. We hope you stick with what we have  
to say. Any [comments](#), ideas or suggestions would be  
very much appreciated.

**ON WITH THE SHOW!**

We have already decided who we are going to vote  
for: Donald Trump.

We have also recognized that *many* readers are confused, angry, frustrated and just plain pissed-off at the whole situation America finds itself in.

Also, we understand that so much of the “news” is pure bovine excreta, that it is no longer possible to decipher fact from fiction.

Our staff has completely given up on the “click-bait” culture of the Internet Establishment, so as to garner “click” points, every time you log on to an article, that turns out to be nothing but Main Stream Garbage.

For these reasons, and too many others to mention (BLM, Antifa, George Floyd, RACISM screaming in all directions, etc), we have decided to take a complete different tact.

## **WHAT THE HELL IS A SOVEREIGN INDIVIDUAL?**

This is one of the most common questions we keep getting. So we have decided to answer it in the following manner.

The Sovereign Individual is the biggest threat to *any* Established Status Quo. Thus, the reason why governments always *target* those who think for themselves – Sovereign Individuals – and try to beat them into conformity, every chance they get.

## **PUBLIC EDUCATION**

We don't believe in the government – *any* government – telling us how to educate our children.

Government Funded Public Education, is nothing more than a tool of the Status Quo, to control the way future citizens are supposed to act, eat, sleep and think.

We therefore believe that the Sovereign Individual should, wherever possible, opt out of the public school system, and either home-school their children, or put them into private schools of their own choice.

## **FREE SPEECH**

One of the main reasons why we started this Website/ Newsletter was to try to circumvent the many Main Stream Media Propaganda Outlets, that simply spout the same Pabulum (bland or insipid intellectual

matter, entertainment, etc.), pretending to be “news of the day.”

Please notice, most of these Internet Outlets have restrictions – rules – by which they adhere to. If they like what you have to say, everything is copacetic.

But, if they disagree with your view, then they either “shadow-ban” you (as is what happened to me via Facebook) or they completely ban you (as is what also happened to me on Facebook).

## **WHAT EXACTLY ARE YOU GETTING AT?**

First, and foremost, a Sovereign Individual *must* be able to think for himself.

Labels are the most misleading propaganda tools used by those who wish to control others.

A few examples follow.

### **Non-profit Organizations**

This is a false title, claiming to be so, because of the tax write-offs they can garner. But those who *work*

for non-profit organizations can rake in millions – and do exactly that.

When I was still teaching at a university in Nagoya, Japan, one of my Japanese colleagues came back from America, after attending a number of economic forums, and breathlessly proclaimed to me:

“Professor Klepinger, I have discovered how to become a millionaire!”

Now *that* really excited me. I asked what he had learned.

“All you have to do is start a non-profit business!”

Notice, he said “*business.*”

And therein, lies the crux of the matter.

**WHAT DO YOU MEAN, “THE CRUX OF THE MATTER?”**

I mean, **The Intentional Use of Misleading Titles.**

A Non-profit organization is a **false narrative.**

It is just a ruse, a play on words. Nobody in his right mind would start a non-profit *business*.

But, an *organization*? Now that is a horse of a different color.

*Business* automatically conjures up the image of pulling in big bucks – making a *Profit!*

But, an *organization*, paints a picture of benevolence, of love, of helping our “fellow man.”

If you think this is not true, go on-line and see how much executives of the Red Cross, the VA, Goodwill, Salvation Army, etc. actually get paid. It will astound you.

Our advice is NOT to give to *any* charity – until you find out exactly how much the *executives* get paid.

Then decide for yourself who you want to donate to – if anyone at all.

## **Colleges and Universities**

Many colleges and universities have *special* tax exemptions, and thus have MILLIONS in their

coffers (endowments), to fund whatever kind of “Educational Studies” they feel like spending money on.

Some of the richest colleges and universities in America *pretend* to be institutions of “higher learning.”

But, I beg you to go on-line and see for yourself, how much the presidents and administrators actually get paid. It will blow your mind!

Also, check out what some of the coaches rake in, who work for prestigious football institutions. It is staggering, to say the least.

And college age kids – and their parents – wonder why tuition is so astronomically high?

## **Unions**

All unions profess to be, “For the People.”

I have one simple question:

Have you ever seen a svelte union official?

I rest my case on that one.

## **The Democratic Party**

This is one of the most misleading titles in American politics.

The Democratic Party is *not* Democratic.

But, people, for years, have labored under the illusion that Democrats believe in freedom for all.

That simply is not true. They no more believe in *Democracy* than do Socialist or Communists.

But their *title* is intended to mislead – and it has worked successfully to a staggering degree.

Bear in mind, before the Civil War, the South was mostly Democrat, slave owner states, the KKK came from the Democrats, a Democrat assassinated Abraham Lincoln, the Democrats lynched blacks by the hundreds, the Democrats staunchly believed in segregation, Jim Crow Laws, Separate but Equal – but yet they profess to be *Democratic*.

## **Socialist**

This word is very attractive to college students who have been led to believe – through public school indoctrination – that it has *Society* at heart, and only wants to help all people – the whole society.

And people have fallen for this ludicrous assumption for centuries – and it has left a path of destruction and disillusionment in its wake.

Yet, the concept of helping society persists – simply because of its misleading title.

## **Communist**

Commune – *Community* – *Communist*.

This is the Granddaddy of all misleading *political* titles the World has ever known.

Not only has Communism ruined every country it has ever touched – it has left 100s of millions dead in its wake.

But yet, the illusion of Communist/*Community* still fool people who get taken in, only to realize, too late, that they have been duped – and have no way out.

I suggest to all who think I am full of it, to get off your ass, and go and *live and work* in a Socialist or Communist country.

Don't go there as a tourist, as so many gullible people do in China, get led around by the nose, then sent back to their own country with eyes filled with the glory of Communism.

Go there and stay for a year as my wife and I did in the People's Republic of China.

You will learn very quickly what a sham this political contrivance really is.

## **Organized Religion**

Has it ever occurred to you why organized religions, throughout most of the world, get off Scott Free of paying any taxes whatsoever?

Because they are of the, “Religious Order.”

Let me tell the readers, here and now:

**All Organized Religions are just another form of business – a very Profitable Business.**

Yet, they pretend to be pious pure and claim to have only their “flock” at heart.

And then we have the biggest *religious* lie of all, with relation to Islam:

The “Religion” of Peace.

Nothing could be further from the truth, but that *title* has shut down more discussion on Islam, than any other concept.

Muhammad was a master deceiver, when he proclaimed Islam to be a *peaceful* religion.

But it has never dawned on anyone as to why he would do such a thing.

Aren't all religions, at their core, peaceful?

Then why, add the moniker, Religion of *Peace*?

Because, as with all other titles mentioned above – it is meant to *mislead* – to divert attention from its real stated goal.

And the stated goal of Islam?

Submit to Allah – or *die*.

Some religion of peace that is!

## **TO SUM IT UP**

We implore all Sovereign Individuals to think for themselves. Delve into all forms of information, be it on-line, newspapers, magazines – the *Library!*

The only way to truly gain knowledge that is worthwhile is to educate – and think – for yourself.

The Sovereign Individual – the most feared concept – of any stated Status Quo!

## **ON OUR OWN DIME**

We just got our hosting/security firewalls, etc. bills for this year. They were not cheap. But, we adamantly oppose asking for *any* financial help whatsoever.

This Website/Newsletter is Of the People, By the People, and For the People – completely free of charge.

We would really like to thank our readers who have actually offered to help us defray our publishing/security/website maintenance costs, but we do not do this for the money.

However, if you really wish to help – we ask that you send this Newsletter to all of your family members, relatives, business cohorts and acquaintances – everybody on your personal email list.

That would be more helpful than any amount of monetary contribution.

That is it for now. Take care, stay safe and keep thinking positive.

Until next time, Sayonara from Kobe, Japan!
