PREFACE: We are getting so much help, information and confirmed reports of what is going on, that it is hard to keep up. It is amazing how fast the news is being cranked out.

Keeping that in mind, this Newsletter will be a potpourri of information.

NOTE: We are worried that we might be burdening our readers with too much information – but it was our stated purpose to get information to everyone ASAP – that the Mass Media simply refuses to report.

Again, we want to thank our readers for their constant vigilance and continued support. Much of this information has been forwarded to us by fellow Sovereign Individuals! Thank you all again!

ON WITH THE SHOW!

This was forwarded to me by my past Japanese student who has a way of getting this information.

[2.2 MILLION INFECTIONS?](#)

Amazing reporting, and video of a second wave of flooding in Wuhan Province.

[UPDATE ON FLOODING IN CHINA - WUHAN](#)

When I taught in China, I brought up the situation of the Tiananmen Square Incident, where Chinese Communist soldiers murdered Chinese university students that were protesting for Democracy in China.

The next day I was called into the Director's office and was threatened with my Passport not being given back to me upon the completion of my teaching contract. I found out later that one of my students was

a Communist spy and turned me in for the horrendous infraction – *of telling the truth.*

In all honesty, whatever Chinese Communist Party members say – they are *all* lies.

NOW, FOR ANOTHER VERY INTERESTING DEVELOPMENT

The concept of diversion is an art that the *World Elites* have perfected to a “T.”

How many people have ever heard of the CIA? The FBI? ICE! Homeland Security?

All easy questions.

But how many have ever heard of the SAS?

[PRINCE PHILIP’S MANAGER OF TERRORISM](#)

This is an old article, and describes, in detail, how powerful this organization really is. You need not bore yourself with all the details, unless you want to.

But when they talk about Prince Philip's Manager of Terrorism – they are, in reality, talking about the British Royal Family's stranglehold on what remains of the United Kingdom.

What Has This Got To Do With The Price of Tea In China?

Precisely this. Remember Anthony Epstein? Any serious follow-up on how he was really killed?

None!

How about Harvey Weinstein? What is the story there? Is he even still alive or has he, too, gone quietly into the Black Hole?

Now, does the name Ghislaine Maxwell come to mind?

Prince Philip controls the SAS. It is like his own personal hit squad. It is also reported to be more secretive than the CIA – and the most feared secret organization in the World.

Did we ever get conclusive evidence on Princess Diana's death? Not to my knowledge.

So What Is The Point?

The point is, *a lot* of World Elites are scared stiff that Ghislaine Maxwell could very well undermine highly influential World Leaders – including Prince Philip himself. Other notables include prominent politicians, UN dignitaries, WTO officials – *Chinese Ambassadors!*

If word ever got out as to what is really going on in the Upper Stratosphere of the One World Elites – all Hell would break loose.

In all the deflections and diversionary maneuvers going on today – how many people would even pay attention to her meeting with an untimely death?

We reiterate here that she will never live to divulge all the information that she purportedly has in her possession. It would simply be too destabilizing to the whole New World Order.

THE REAL MOVEMENT

“All animals are equal, but some animals are more equal than others.”

--George Orwell, Animal Farm

The American Communist Party states that after the “revolution,” the masses will be re-educated until the inner party decides they are ready to be members of the party.

In other words, everyone is expected to think the same way. Though claiming to be “democratic,” rather than a democratic society, where all have an equal voice, it’s actually a totalitarian state where dissident opinion isn’t tolerated.

Animal Farm contains many slogans that while sounding idealistic in nature, are hypocritical in practice.

George Orwell, 1945, Introduction to Animal Farm

"At any given moment there is an orthodoxy, a body of ideas of which it is assumed that all right-thinking people will accept without question. It is not exactly forbidden to say this, that or the other, but it is "not done" to say it... Anyone who challenges the

prevailing orthodoxy finds himself silenced with surprising effectiveness. A genuinely unfashionable opinion is almost never given a fair hearing, either in the popular press or in the high-brow periodicals.”
