## **TRIBAL PEOPLE'S DAY, AND MUCH MORE**

For comments, suggestions or tips, please contact [Larry](#). To view [past newsletters](#) or [homepage](#).

**PREFACE:** Again, we must thank our readers for the interesting and informative articles and videos that they unselfishly send to us.

Without them we would be just like any other news outlet – simply parroting what everybody else is writing about.

*Thanks again!*

**ON WITH THE SHOW**

August 9<sup>th</sup>, in Japan, was a solemn ceremony commemorating the second dropping of the Atomic Bomb on Nagasaki in 1945.

The atomic bombings still draws strong emotions – on both sides of the Pacific.

It is always easy to second-guess historical happenings, especially those of over 70 years ago.

Needless to say, we all hope that the catastrophe of World War II will never again repeat itself.

However, as we will address later in this Newsletter:

*History does not repeat itself; people do.*

## **TRIBAL PEOPLES' DAY**

With regard to another important aspect of August 9<sup>th</sup>, is Tribal Peoples' Day.

Few people are aware of this very special celebration.

With this in mind, we would like to express our deepest appreciation, and respect, to all tribal people around the world – especially to those who served

along side America's Armed Forces, as loyal and faithful allies.

We salute the legendary [Navajo code talkers](#) who developed an unbreakable communication process to help defeat the Japanese during World War II, the [Kachin tribesmen of Burma](#) who courageously fought by our side in that same war, the always loyal [Hmong tribesmen of Vietnam](#) who fought against the Communist North Vietnamese, the [Kurds of the Middle East](#) who fought by America's side in its war that is still raging today.

As a Vietnam Veteran, I can attest to the courage, respect and dignity of the Hmong soldiers who fought and died in their valiant effort to keep South Vietnam free from Communist control.

Yet, through all their self-sacrifice, the American government, completely ignored them after the war in Vietnam finally ended.

The Kachin have been oppressed by Myanmar's military regime, again without any help from the United States.

The utter despicable treatment of our American Indians – including the Navaho Heroes of World War II – is nothing less than a National Disgrace.

And now the Kurds have been left to fend for themselves after they fought and died as our military allies.

America *must* do better with regard to treatment of our Tribal Allies.

It is a disgrace how they have been used – and then abandoned – by the American government – and the American people.

America should make it their number one priority to aid these brave and loyal allies in every way possible.

One suggestion would be to assist in their relocation to the United States as full citizens, with all the rights and privileges accorded to all Americans.

I could go into the horrible treatment of the homeless American Veterans but I will leave that for a later date.

We again salute all the World's Tribal People on this day of well-deserved recognition.

Please take time to listen and watch this vivid account of one of the Navajo Code Talkers. It is more than inspiring.

(As a side note, George W. Bush awarded a number of these Navajo American Indians with the Congressional Medal of Honor.

Better late than never!

[JIMMY LAI – THE DEATH KNELL FOR HONG KONG](#)

As everybody was being distracted by the Wuhan Virus, China has quietly and very quickly, broken its promise to allow Hong Kong to pursue its fervent desire to embrace full Democracy.

As the way with Communism, lying and deception is their main motive of operation.

This article proves that point to a T.

## CHINA PREPARING FOR WAR

We have been keeping our readers informed as to what China is really up.

This article seems to bear out our suspicions that the Wuhan Virus, and the subsequent Worldwide Economic Shutdown, was a Communist Hoax from the very beginning – the Art of Deception – directly attributed to the teachings of Sun-Tzu.

When time permits, please give this article your undivided attention. I think it will surprise you as to how the Communist Chinese Party (CCP) actually operate.

## THE NATIONAL ANTHEM

And now, I wanted everyone to hear a seven-year-old girl sing the National Anthem – like it has never been sung before.

And note, how ironic it is, that legal immigrants, and their children, seem to have the love of America, that

so many pampered and unappreciative citizens lack these days.

America's *legal* immigrants realize how lucky they really are.

And America is more than fortunate to have people like this to carry on the banner of freedom and justice for *all!*

That is it for now. Take care, stay safe and keep thinking positive.

Until next time, Sayonara from Kobe, Japan!
